Navy CLEAN II, District III  
Contract Task Order (CTO) 0130  
Final Sample Strategy Plan - Site 35  
Marine Corps Base (MCB), Camp Lejeune

Dear Mr. Stevens:

Baker Environmental, Inc. is pleased to submit two copies of the work plan entitled:

Final Revised Sample Strategy Plan  
Focused Natural Attenuation Evaluation  
Operable Unit No. 10, Site 35  
Camp Geiger Area Fuel Farm  
Marine Corps Base, Camp Lejeune, North Carolina

Additional distribution has been made as shown below.

Please note that this is a "Final" document that incorporates all previous comments on the draft editions. Additional comments are not required.

We appreciate the opportunity to serve LANTDIV on this project. Should you have any questions regarding this submittal, please contact Mr. Richard E. Bonelli at (412) 269-2033 or me at (412) 269-2065.

Sincerely,

**BAKER ENVIRONMENTAL, INC.**
